

Revolutionary Magazine Project

Working as a team, you will create a magazine. Use the following guidelines:

- Use A4 paper horizontally, so that when folded in half, there are two pages formed.
 - Your magazine must have at least TEN pages of content (five pages A4 paper)
 - You may use whatever combination of apps or hand-created materials to create your magazine.
- All written pieces must be typed.
 - You may print out then use scissors and glue to assemble your magazine, or you can do all work digitally.
 - Your magazine must be submitted as a hard copy, not a digital file.

Include the following sections in your magazine

1. All content must relate to the Revolutionary period of American history, so that all content would be relevant to someone from that time period. This includes advertisements, jokes, and horoscopes.
2. Art may be original or copied from the internet, but it must relate to issues of the time. If using copied art, you must incorporate it into your magazine in such a way as to make it original.
3. All writing must be original. Do not plagiarize.
4. Create an original title for your magazine
5. Use a pen-name for each contributor
6. Include ten different aphorisms from a variety of cultures used throughout the magazine
7. Write two original short expository essays about an issue of the time (2-3 paragraphs in length)
8. Write a persuasive piece arguing a point of view from the time period (3-4 paragraphs)
9. Write a second persuasive piece arguing a counterpoint to the previous piece from the time period (3-4 paragraphs)
